

POOL/SLIDE RULES

- Deep Water Test Rule: As a member anyone under the age of 12, will be required to take the deep water test. If you cannot pass the test you will be required to stay in the shallow end of the pool which is roped off for your protection.
- The deep water test can be given to any one of any age so please let us know if you feel like you need to take the test. The test will be administered two times per week if your child does not pass.
- Wristbands will also be available to purchase at the front desk as an additional precaution. The lifeguards know that if they see the wristband, that person has not passed the test and must stay in the shallow end of the pool.
- Adult Supervision: All adults with small children are responsible for watching their young children while here at the facility. Please make sure to keep a close eye on them at all times. Any child left unsupervised causes a higher risk for injury and is unsafe. Membership can be revoked if this rule is not followed.
- Deep End of Pool: The deep end of the pool gets deeper as you walk in because of the angled sides, so please be careful as you walk towards the center of the pool.
- Floatation devices are allowed up to the side chair closest to the diving board. Please do not take them into the area where people are diving. They are also at the lifeguard's discretion. If the pool is too busy they may need to be removed.
- Adults are allowed to swim to the first guard chair (closest to the shallow end of the pool) with a child that cannot swim but must be within arm's length of the child at all times. Any one that does not follow this rule will be told to go to the roped off section of the pool (shallow end). Adults are only allowed to have one child at a time with them.
- Potty Training: Children that are not potty trained will be required to wear a swim diaper. Also, if you have a young child please remind them to use the restroom before they go swimming.
- Baby Pool Area: The baby pool area is for children age 0-4. There are no scheduled lifeguards at this location. Adults must be present at all times if child/children are in the pool.
- Waterslide: You must pass the deep water test, be taller than the sign, or be over the age of 11 to go down the waterslide.
- Only one person at a time can go down on each slide. Mats must be used, and you must sit with your feet first.
- Please wait for a lifeguard to signal you to go. No goggles or floats allowed on the slide.
- Pool Closing Time: An announcement will be made 15 minutes prior to close to remind you that closing time is near. Please use that time to prepare for departure. The pool will not close until the scheduled time.
- One bounce on the diving board
- No goggles on slide or diving board
- Kids must walk up on the path to the top of the slide
- Kids must exit the slide pool immediately
- Must sit or lay flat going down the slide, No knees or head first!
- No ball tossing or chasing ANYTHING down the slide, it will get sucked in to the blowers.
- Must pass the deep water test before going on the slide.
- No one is allowed to sit on a parent's lap going down the slide.
- No swimming under the diving board
- No stopping the water coming out of the jets in the pool, it will blow up the filter
- No running on the concrete
- No chicken fighting or children on shoulders
- No parent can catch a kid off the water slide!
- No hitting with the noodles
- Only squishy balls can be in the pool, no further than the 1st guard chair. No playing with the balls/squirt guns on the diving board, no exceptions!!
- No swimming under the board or hanging on the board
- No playing around the ladders or hanging on the ladder
- NO back flips off the board
- No Jumping/diving on the sides of the diving board, jumping from the side of the pool desk is to be done between the ladders.
- NO HANGING ON THE ROPE or SWIMMING OVER THE ROPE!!!
- No stacking of inner tubes or diving off of them.
- No chairs are allowed in the swimming pool.
